

TECHNICAL DATA

MANUFACTURING PROCESS:	Tufted 5/32"
SURFACE COMPOSITION:	Cut Pile Multi-colour design
PILE MATERIAL	100% Polypropylene in hard twist construction
PILE WEIGHT:	Approx. +/- 850 g/m ²
PILE HEIGHT:	+/- 6 mm
TOTAL WEIGHT:	Approx +/- 3.750 g/m ²
TOTAL HEIGHT:	Approx. +/- 7mm
PRIMARY BACKING:	100% Spun Bonded Polyester
SECONDARY BACKING	Heavy Flexible, Impermeable Fullflex PVC
APPLICATION;	W.I.R.A 50,000 plus
FLAMMABILITY:	BS 4790 when classified to BS 5287 Low radius effect of ignition
COLOURFASTNESS TO LIGHT:	Minimum rating of 6 when tested in accordance with BS 1006
COLOURFASTNESS TO SHAMPOO:	Minimum rating of 4 when tested in accordance with BS 1006
STATIC ELECTRICITY	Low builds up of Static electricity, permanently less than 2.5kv.
SIZES:	40X60, 60X90, 90X120, 90X150, 120X180, 120X240. Specials on request
COLOURS	Grey, Noctum, Redspice, Green
AREAS OF USE	Medium Traffic

** APPLICATION:

Mountain Twist is tufted cut pile. Multi-colour design contract carpets that combines high styling with solid performance. Manufactured with 100% Advance Generation Continuous Filament Solution Dyed Polypropylene, this carpet provides outstanding resistance to stain, static and bacteria for the life of the carpet.

** SECONDARY BACKING:

Mountain Twist is backed with heavy flexible PVC, backing 2mm in thickness. The PVC backing is impermeable and will not fray or rot and can be steam cleaned as often as required.

** MAINTENANCE:

The solution dyed fibre blend used has exceptional resistance to soiling and allows the use severe cleaning solutions such as bleach. Polypropylene is mould, mildew and insect resistant, and will not support bacterial growth.
